

HVAC Service Technician / Installer

Are you tired of being measured on the sales you generate instead of the customer problems you resolve? Would it excite you to work for the family service firm that employees won't leave? Does a company culture of respect, productivity, and fun motivate you? 92-year-old Denver landmark Bell Home Solutions, formerly Bell Plumbing & Heating Company, is currently accepting applications for qualified HVAC service technicians and installers.

To join our elite team, you must:

- Carry a universal CFC license
- Have an insurable motor vehicle record
- Have a minimum of 5 years residential HVAC & Boiler service experience
- NATE certification is greatly preferred
- Preference will be given to those with dual Boiler/Heating experience

What We Offer:

- Non-Commission, Competitive Pay
- With the proper skill-set, it should be easy to stay busy year round
- Company issued vehicle & gas card
- Company issued and maintained tools
- Laundered Uniforms
- Employee Assistance Program
- Subsidized Gym Membership
- Excellent Union pay and health care benefits. We're proud members of Plumbers Local #9 and #208, so if you're not already a member of the union, you'll have to join upon hiring.

We're an equal opportunity employer and every employee is drug screened and background checked. We employ only the best technicians and compensate accordingly.

Please apply via email in person at 2150 S. Abilene St., Aurora, CO 80014 or reply to this posting.
